#### **Adoption of the FY 2025 Budget**

At the March 2024 Board meeting, the Board received the FY 2025 Proposed Operating Budget for the General and Enterprise Funds. The Budget the Board is being asked to adopt at the May meeting did not change in total since the March presentation, with a total budget of \$39.551,957. There are a few minor updates since March and these do not change the total Budget:

- The final retirement contribution rate of 21.98% is slightly lower than the 22.3% rate included in the Proposed Budget. It is recommended to keep the 22.3% rate in the budget and apply the additional estimated \$37,000 to the retirement system in FY 25.
- The Proposed Budget included \$151,037 in Compensation Funding Initiatives in the event the minimum wage was increased in the legislative session. It was not increased, so it is recommended that these funds remain in this account for compensation or other initiatives that may arise during the fiscal year.
- The Park Manager position for Brambleton/Beaverdam is currently 100% funded out of Brambleton. This budget reallocates this to a 50/50 split between Brambleton and Beaverdam.

The FY 25 budgets for the Carlyle House Friends Fund and Restricted License Fee Fund are also presented for adoption. Details of these funds are included in the attachments.

**RECOMMENDATION:** That the Board adopt the FY 2025 Operating Budget in the amount of \$39,551,957, with an Enterprise Fund of \$33,796,242 and General Fund of \$5,755,755.

Additionally, that the Board adopt the FY 25 Budgets as presented for the Restricted License Fee Fund and the Carlyle House Friends Budget.

#### FY 2025 PROPOSED BUDGET MARCH 2024 SUMMARY

- Total Budget (General & Enterprise Funds) of \$39,551,957 which is an 7.6% increase compared to the FY 2024 Budget.
- Appropriations from the Jurisdictions will be at 11.3% of total revenue.
  - The per capita rate is \$2.23 in FY 2025.
  - The increase in appropriations revenue for FY 2025 is \$388,454, or 2%.
- Overall personnel costs are budgeted to increase by 7.9%. The budget invests in our workforce including the following compensation initiatives:
  - First full year of implementation of the recent compensation study
  - o 3.1% Market Rate Adjustment for full-time employees
  - o Annual step-increases are included for eligible full-time employees
  - Employer share of health insurance budgeted for a 10% rate increase. This is based on anticipated trends and the most recent estimates from our health insurance companies.
  - A retirement rate contribution of 22.3% of employee salaries is included in the budget based on actuarial guidance. This is an increase from the current rate of 21%.
  - Part-time rate increases
    - Current part-time rates are at a minimum of \$13 an hour, which is \$1 an hour higher than the current \$12 Virginia minimum wage that took effect in January 2023. The FY 25 budget proposes the following:
    - Part time rate adjustments to bring all part time to at least \$13.50 an hour for the start of FY 25 and the ending months of FY 24. This rate is \$1.50 an hour higher than the current Virginia minimum.
    - Additional funding (\$151,737) in the Compensation Initiatives account to increase the minimum part-time rate to \$14.50 in January 2025, if the \$13.50 an hour minimum wage legislation slated for January 2025 is not vetoed or amended by the Governor during the current legislative session. This would keep the NOVA Parks minimum wage \$1 above the state minimum.
    - If this legislation becomes law, the minimum wage will increase to \$15 an hour on January 2026. This will have substantial impacts on future budgets.

#### New Positions

- General Fund: Position changed from part-time to full-time
  - Accounting Specialist Position Included in this budget as a fulltime position and replaces an existing part-time position that is currently budgeted for 1,750 hours a year. The increase in expense is estimated at \$40,000.
- Enterprise Fund: No new full-time positions
  - While there are no new full-time positions, the part-time component has increased by \$477,681 or 8%.
  - This increase is a combination of part-time rate adjustments and additional part-time hours throughout the parks.

- Funding for operations at new parks
  - Cattail Regional Park Funding is included for operations at this park that was acquired in December 2023.
  - Reservoir at Beaverdam Revenue and expenses for first full-year operations of this innovative and sustainably designed new facility
- Maintenance costs are budgeted to increase by 12.7% overall and 13.1% in the Enterprise Fund. This increase is a combination of inflation-based increases and additional maintenance needs.
- The Enterprise Fund is budgeted to fully cover the debt service costs for Occoquan and Climb UPton in FY 2025. Prior to FY 2023, transfers were budgeted from the Capital Fund and Restricted License Fee Fund to help cover these debt service costs.
- A total contingency of \$150,000 is included, with \$100,000 in the General Fund and \$50,000 in the Enterprise Fund. The contingency serves as the first line of defense during unanticipated situations. This provides an additional buffer and will be used before considering the use of reserve funds.
- There is \$45,000 budgeted for Strategic Plan Initiatives. This provides funding to help realize goals of the Strategic Plan.
- It is estimated that Designated Set Aside reserves will be at \$3.8 million, or 10% of proposed revenue, excluding transfers, based on the Proposed FY 2025 Budget. Our financial policies state that these reserves should be between 8 and 15% of revenue for the upcoming budget year. A Strategic Opportunity Reserve was established in 2021 and it is currently funded at a level of \$2.9 million.

For summary information on revenues, please refer to the Executive Summary section of the budget document, starting on page A-18 (Budget-In-Brief) and the Revenue Summary starting on page A-30

# DUST TO DUST

EXPLORING BIRDS, NATURE & ENSLAVED CEMETERIES

# SATURDAY, JUNE 1 • 9:30AM

Join NOVA Parks Naturalist Whitney Gilliland for a guided nature walk and learn about the birds that live along the banks of Bull Run.

Destinations along the route include two recently discovered enslaved cemeteries. NOVA Parks Historian Paul McCray will provide interpretation about what was discovered and the lives of the people buried there. The entire roundtrip hike will be around 4.5 miles. Please wear comfortable walking shoes for an unpaved natural trail and bring a bottle of water.

# Start and end at:

Bull Run Marina, 12619 Old Yates Ford Road, Clifton, VA 20124

Park in the lot across the street.

RE: Occoquan Watertrail League (OWL)

We had a friends group that has not been active for a number of years, and we would like the Board's permission to dissolve the group and use the funds to support environmental education.

For decades, NOVA Parks has sold shore launch passes for those launching small watercraft like canoes and kayaks. Instead of paying each time you launch, you buy an annual pass that is good at any of our many water access points.

In 2007, we rebranded this pass into the Occoquan Watertrail League (OWL) and built a friends group of paddlers around it. We took 20% of our shore launch passes and earmarked them for OWL. The idea was that OWL would come up with volunteer projects, and this fund would help support those efforts. The volunteer group never materialized to a significant extent. For about five years, Mary and Fred Zamon led Owl, and there was a small group. After Mary passed in 2015, the group faltered, and there has been no OWL group since 2018.

The OWL account currently has \$71,732. None of these funds were donated. This revenue was all generated from 20% of the sales of shore launch passes. OWL was never an independent organization; it was a creation of NOVA Parks.

#### **RECOMMENDATION:**

Bring OWL to an end. Since there are no OWL members and no incorporating documents, It is simply a decision to let this past group that no longer functions cease to exist.

Take the \$71,732 from the OWL account and transfer that to the NOVA Parks Outdoor Kids Fund with the Community Foundation. We are working with the foundation to develop a grant program for Title I Schools to assist with field trips to our parks. This will support an initiative that is part of our strategic plan.

#### **MOTION:**

I move that we transfer the \$71,732 balance of the OWL account to the NOVA Parks Outdoor Kids Fund of the Community Foundation for Northern Virginia to support grants for Title 1 Schools for environmental education. I further move that Occoquan Watertrail League (OWL) not be considered an active friends group.

#### ADMINISTRATIVE ITEM

<u>Award of Construction Contract – W&OD Trail Paving from Shirlington Rd to Columbia</u> Pike

With 45 miles of asphalt trail on the W&OD, repairs and maintenance are continuously being identified, evaluated, and prioritized. The Capital Budget includes funds to address these repairs each year based on staff recommendations. In FY24, the paved trail between Shirlington Road and Columbia Pike was selected for milling and asphalt overlay.

The following bids were received:

| Bidder              | Total Bid    |
|---------------------|--------------|
| Espina Paving, Inc. | \$150,403.00 |
| Tibbs Paving        | \$163,213.45 |
| The Kauffman Group  | \$236,544.00 |

Staff has determined Espina Paving, Inc. to be the lowest responsive and responsible bidder. They have successfully completed paving projects for NOVA Parks in the past and have adequate project experience and favorable references. Espina Paving, Inc. is a SWaM Certified contractor.

The FY2024 Capital Budget includes sufficient funds to complete this work.

RECOMMENDATION: That staff be authorized to award a contract in the amount of \$150,403.00 to Espina Paving, Inc. for W&OD Trail Paving from Shirlington Road to Columbia Pike, and the Executive Director be authorized to execute the contract and approve contractor payments.

Great Employees Delivering Memorable Experiences! Monthly Report 1 May 2024

#### **ABOUT NOVA PARKS**

In the late 1950's, the Northern Virginia Planning District Commission and a group of citizens from several local jurisdictions came together to protect Northern Virginia's rich heritage of woods, meadows, lakes and streams from the threat of suburban sprawl. These citizens, working with their local governments--Fairfax County, Arlington County and the City of Falls Church--organized under the Virginia Park Authorities Act in 1959 as the Northern Virginia Regional Park Authority (NVRPA). They came together to plan, acquire develop and operate a system of regional parks for all Northern Virginians to enjoy.

Today, NOVA Parks (as the organization came to be known in 2014) represents three counties and three cities -- Arlington County, Fairfax County, Loudoun County, the City of Alexandria, the City of Falls Church and the City of Fairfax. NOVA Parks staff, volunteer board members appointed from each jurisdiction and many friends of the regional parks working together have preserved over 12,000 acres of rolling and wooded Virginia countryside for you and created a priceless legacy for future generations.

Through your regional parks, NOVA Parks provides almost two million citizens with some of the finest recreational facilities in the country. By pooling their funds, these local governments find that each dollar they contribute to NOVA Parks is multiplied by contributions from other member jurisdictions and sometimes augmented even more by state and federal grants and private donations. Being a member of NOVA Parks is a good economic investment.

From a wavepool to nature trails, from golfing to boating, there's a regional park that is just right for you. Come for the day, a weekend or a week. The NOVA Parks are yours to enjoy!
