

NOTICE OF AWARD OF A SOLE SOURCE CONTRACT – CAMERON RUN WAVE POOL REPLASTERING

NOVA Parks intends to award a contract on February 2, 2024, to Millenium Pools and Spas, LLC for the replastering of portions of the wave pool at Cameron Run Regional Park. The total amount of the contract is \$237,516.90.

The reasons for awarding a sole source contract are as follows:

- Millenium is the only bidder that has responded to the previous two bid requests for pool plastering at Cameron Run. Millenium appears to be the only qualified local contractor bidding on and completing this type of work on large municipal pools.
- Time is of the essence with this project and the work needs to begin immediately for the wave pool to be opened on time. Millenium is well staffed and in a position to begin work immediately upon award of contract.

Accordingly, NOVA Parks has determined that Millenium Pools and Spas, LLC is the only source practicably available to complete the Cameron Run wave pool replastering.
