

Sterling Boulevard/W&OD Trail Overpass

About the Construction Project

Loudoun County is constructing a W&OD pedestrian/bicycle bridge over Sterling Boulevard (Route 846). When complete, the pedestrian/bike bridge will separate pedestrians, bicyclists, horseback riders, and other users of the W&OD Trail from roadway traffic on Sterling Boulevard. This location currently has approximately 2,000 crossings per day. Construction completion is currently planned for spring 2028.

W&OD Trail Overpass Rendering

Trail and Roadway Impacts

The W&OD trail will remain open and accessible throughout construction. Drivers on Sterling Boulevard and trail users may encounter increased traffic, lane shifts, flagging and other interruptions while work is occurring to maintain safety conditions. Be advised to use caution when navigating through this area and to adhere to all posted signage and instructions.
