SUPPLEMENTAL GENERAL CONDITIONS

All bidders shall submit their bids on the attached Form of Proposal.

If requested, the Contractor shall submit three client references. The references shall be for similar work completed in the previous two years and shall include the description of the work, the client name, contact person and telephone number.

NOVA Parks reserves the right to disqualify any bidders who are determined not to have adequate experience or favorable client references. Any disqualifications shall be at the sole discretion of NOVA Parks.

The base bid shall be completed within 30 days of the start of onsite activity. All selected alternative work will also be completed within 30 days from the start of that work. If the work is not completed within the time required, as that time may be adjusted by change orders, there shall be imposed on the contractor liquidated damages of \$250.00 per calendar day for each day beyond the contract time it takes to complete the work.

Contractor shall provide at least 48 hours' notice prior to beginning of work.

Any excess excavated material shall be disposed of off-site by the Contractor. In addition, any extra material necessary to install the improvements as shown shall be provided by the Contractor at his expense. This does not apply to existing subgrade soils deemed unsuitable for use. If unsuitable soils are encountered they will be handled as a change order.

If the Contractor allows precipitation to fall into an open excavation, the Contractor shall remove and replace wet subgrade material with VDOT 21-A stone at the direction of NOVA Parks and at the Contractor's expense.

The Contractor is responsible for providing all necessary survey work to complete the project, including as-built drawings.

Soils compaction and concrete testing, if determined to be necessary by NOVA Parks, shall be provided by NOVA Parks. The contractor shall reimburse NOVA Parks for the costs of compaction re-testing in failed areas in addition to being responsible for repairing or reconstructing the failed areas. All work must be ready for inspection when the testing agent arrives. The contractor may perform their own preliminary testing at their option. The contractor shall schedule all inspections with the designated NOVA Parks' representative at least 24 hours in advance.

The Contractor shall contact Miss Utility. The Contractor shall be responsible for any damages to marked underground utilities and shall repair all miscellaneous damages caused by his forces during the course of this project to any park property.

All work will be completed during normal weekday business hours of 7:00 a.m. to 6:00 p.m.
No work shall be permitted on weekends or holidays without prior approval from NOVA Parks.

The contractor shall be responsible for meeting all VDOT and any other government requirements regarding construction traffic utilizing their roadways and entrances.

A copy of all material delivery tickets shall be given to NOVA Parks representative on site at the time of delivery or when otherwise requested.

All new topsoil and disturbed areas shall be seeded with a tall turf type fescue and mulched with straw. All clumps, rocks, and debris larger than 3/4" in diameter shall be removed.

The contractor shall take whatever precautions necessary to ensure that the public does not drive or ride on the uncured concrete. In the event this happens or the surfaces are marred for whatever reason, the contractor shall be responsible for repairs as directed by NOVA Parks.
